

DLSU Faculty Pre-employment Requirements Checklist

This checklist consolidates the faculty-specific documents required before a candidate's employment start date, drawn from the DLSU Faculty Manual 2021's per-rank Criteria for Hiring (pp.16-23) and Hiring Procedure (p.24), and extended with format specifications HRMO uses to determine whether a submitted document is acceptable. National statutory documents -- NBI Clearance, SSS, PhilHealth, Pag-IBIG, and BIR -- are covered separately in 'Philippine Statutory Pre-employment Requirements', since the Faculty Manual does not itself describe them.

Every faculty-specific item below is traceable to the Faculty Manual's hiring criteria. If a document is not listed in the Manual and not listed in the statutory companion document, HRMO does not require it -- ask your Department Chair before submitting anything not on either list.

1. Core Document Set -- All Faculty Classes

The following documents are required of every faculty candidate regardless of class or rank, per the Faculty Manual's general hiring criteria (pp.16-23).

Document	Purpose	Format requirement
Original Transcript of Records (TOR)	Verifies educational attainment against the rank's minimum degree requirement.	Original or CHED-certified true copy, issued within the last 6 months, bearing the registrar's dry seal.
Diploma (highest relevant degree)	Confirms degree conferral.	Original or notarized true copy.
Biodata / Curriculum Vitae	Establishes relevant teaching or professional experience.	DLSU biodata form or equivalent CV, signed and dated by the candidate.
Three (3) character/professional references	Supports the hiring panel's assessment of teaching and professional conduct.	Signed reference letters or a completed reference-contact form; at least one referee must be a former direct supervisor.
Clearance from previous employer	Confirms no unresolved obligations with the immediately preceding employer.	Original clearance certificate or equivalent letter, issued within the last 3 months.
Clearance from concerned government agency	Per Faculty Manual hiring criteria; satisfied jointly with the NBI Clearance in the statutory companion document.	See 'Philippine Statutory Pre-employment Requirements', §1.
Certification of physical fitness to teach	Confirms fitness for classroom or service duties.	Medical certificate from a licensed physician, issued within the last 30 days, explicitly stating fitness to teach or perform the assigned role.
Valid government-issued ID	Identity verification for all document matching.	Any one of: passport, driver's license, UMID, PRC ID, or Philippine national ID (PhilSys).
2x2 ID photo (recent, white background)	For DLSU ID issuance.	Taken within the last 6 months; formal attire; no filters or digital alteration.

2. Rank-Specific Requirements

In addition to the core set in §1, the Faculty Manual's Criteria for Hiring (pp.16-23) set rank-specific minimum qualifications that candidates must document. These are evaluated by the Department

Chair at screening (see the companion process guide, §2.1) but the supporting documents below must still be on file before the start date.

Rank	Minimum qualification to document	Supporting document
Instructor	Master's degree in progress, or bachelor's degree with relevant professional licensure.	TOR showing units earned toward the master's degree, or PRC license.
Assistant Professor	Master's degree completed in the relevant discipline, plus at least 2 years of teaching or relevant professional experience.	Diploma/TOR for the master's degree; employment certificates covering the experience requirement.
Associate Professor	Doctoral degree in progress or master's degree with substantial publication or professional record, plus at least 5 years of relevant experience.	TOR/diploma; CV with publication list or professional portfolio; employment certificates.
Professor	Doctoral degree completed in the relevant discipline, plus a sustained record of teaching, research, and/or professional distinction.	Doctoral diploma/TOR; CV with research and professional distinction record.

Licensure requirements are discipline-specific -- e.g., Engineering, Accountancy, and Nursing faculty must additionally hold a current PRC license in the relevant field. Confirm discipline-specific licensure requirements with the Department Chair during screening.

3. Requirements by Faculty Class

3.1 Full-time Academic Faculty

Full-time candidates submit the complete core set (§1) plus the rank-specific documentation (§2). Because full-time appointment carries a probationary period, HRMO additionally requires a signed acknowledgment of the probationary terms, provided by HRMO at Stage 5 of pre-boarding (see the companion process guide).

3.2 Part-time Academic Faculty

Part-time candidates (Faculty Manual, part-time provisions, p.67) submit the same core set (§1) and rank-specific documentation (§2) as full-time candidates. Two items are relaxed for part-time hires given the shorter, per-term nature of the appointment: the clearance from the previous employer (§1) may be substituted with a signed self-certification of no unresolved obligations if the previous employer cannot issue a clearance within the compressed part-time timeline, and the physical fitness certification's issuance window is extended from 30 to 60 days.

3.3 Academic Service Faculty (ASF)

ASF candidates (Faculty Manual ASF provisions, p.83) submit the core set (§1). Because ASF roles are non-teaching, the rank-specific documentation in §2 does not apply; instead, ASF candidates submit documentation of the role-specific competency evaluated at their Stage 2 interview (see the companion process guide, §3.3) -- for example, a relevant certification or license for laboratory or technical-support roles.

4. Document Format Rules

- All documents in a language other than English or Filipino must be accompanied by a certified English translation.

- Photocopies are accepted only where explicitly marked 'true copy' acceptable in the tables above; otherwise HRMO requires the original for verification and returns it after copying.
- Digital submissions (scanned PDF or clear photo) are accepted for initial screening, but the original or a notarized true copy must be presented in person before contract signing.
- Any document bearing an issuance date outside its stated freshness window (e.g., a clearance older than 3 months) is treated as expired and must be reissued, not resubmitted as-is.
- Documents issued outside the Philippines must carry an apostille or, for non-Apostille Convention countries, authentication by the Philippine Embassy or Consulate.

5. Submission Channels and Deadlines

Documents are submitted to HRMO either in person at the HRMO front desk or through the HRMO document portal, within the 15-working-day window from the conditional offer date described in the companion process guide (10 working days for part-time hires). Partial submissions are accepted and logged incrementally; HRMO does not require all documents to arrive in a single batch.

6. Common Reasons a Document Is Marked Incomplete

Reason	Example	Resolution
Missing required field	Reference letter without a signature or date.	Request a corrected copy from the issuer.
Outside freshness window	Previous-employer clearance issued 5 months ago (limit: 3 months).	Request reissuance.
Wrong document type	Photocopy of a diploma submitted where the TOR is required.	Submit the correct document type.
Illegible scan	Blurred or cropped photo of a physical-fitness certificate.	Resubmit a clear scan or the original.
Name mismatch	Name on the TOR does not match the government-issued ID (e.g., maiden vs. married name, uncorrected typo).	Submit a supporting document (marriage certificate, affidavit of discrepancy) bridging the two names.

7. Cross-reference

For NBI Clearance, SSS, PhilHealth, Pag-IBIG, and BIR requirements -- none of which appear in the Faculty Manual -- see the companion document 'Philippine Statutory Pre-employment Requirements'. For the end-to-end submission timeline and roles, see 'DLSU Faculty Pre-boarding Process Guide'.
