

DLSU Faculty Pre-employment Requirements Checklist

This checklist lists every document a faculty candidate must submit to HRMO before their employment start date -- both the faculty-specific documents and the national statutory documents -- together with the format specifications HRMO uses to determine whether a submitted document is acceptable.

If a document is not listed here, HRMO does not require it -- ask your Department Chair before submitting anything not on this list.

1. Faculty-Specific Documents -- All Faculty Classes

Required of every faculty candidate regardless of class or rank.

Document	Format requirement
Original Transcript of Records (TOR)	Original or CHED-certified true copy, issued within the last 6 months, bearing the registrar's dry seal.
Diploma (highest relevant degree)	Original or notarized true copy.
Biodata / Curriculum Vitae	DLSU biodata form or equivalent CV, signed and dated by the candidate.
Three (3) character/professional references	Signed reference letters or a completed reference-contact form; at least one referee must be a former direct supervisor.
Clearance from previous employer	Original clearance certificate or equivalent letter, issued within the last 3 months.
Certification of physical fitness to teach	Medical certificate from a licensed physician, issued within the last 30 days, explicitly stating fitness to teach or perform the assigned role.
Valid government-issued ID	Any one of: passport, driver's license, UMID, PRC ID, or Philippine national ID (PhilSys).
2x2 ID photo (recent, white background)	Taken within the last 6 months; formal attire; no filters or digital alteration.

2. National Statutory Documents

Required of every candidate in addition to the faculty-specific set in §1.

Document	Format requirement
NBI Clearance	Issued within the last 6 months before the start date (employer freshness window); purpose stated as 'Employment' where possible; must show 'No Record', or any 'hit' fully resolved before contract signing.
SSS number	Provide the SSS number (or proof of a pending first-time application) plus a valid ID matching the name on record.
PhilHealth Identification Number (PIN)	Provide the PIN (or proof of a pending first-time registration) plus a valid ID.
Pag-IBIG Membership ID (MID)	Provide the MID number (or proof of a pending first-time registration) plus a valid ID.
Tax Identification Number (TIN)	Provide the TIN (or proof of a pending first-time registration); confirm RDO transfer if the TIN was registered under a previous employer's RDO.

Document	Format requirement
BIR Form 2316	From the previous employer; required only if the candidate was employed for any part of the current calendar year before joining.

3. Rank-Specific Requirements

In addition to §1 and §2, each academic rank carries minimum qualifications the candidate must document. These are evaluated by the Department Chair at screening (see the companion process guide, §2.1) but the supporting documents below must still be on file before the start date.

Rank	Minimum qualification to document	Supporting document
Instructor	Master's degree in progress, or bachelor's degree with relevant professional licensure.	TOR showing units earned toward the master's degree, or PRC license.
Assistant Professor	Master's degree completed in the relevant discipline, plus at least 2 years of teaching or relevant professional experience.	Diploma/TOR for the master's degree; employment certificates covering the experience requirement.
Associate Professor	Doctoral degree in progress or master's degree with substantial publication or professional record, plus at least 5 years of relevant experience.	TOR/diploma; CV with publication list or professional portfolio; employment certificates.
Professor	Doctoral degree completed in the relevant discipline, plus a sustained record of teaching, research, and/or professional distinction.	Doctoral diploma/TOR; CV with research and professional distinction record.

Licensure requirements are discipline-specific -- e.g., Engineering, Accountancy, and Nursing faculty must additionally hold a current PRC license in the relevant field. Confirm discipline-specific licensure requirements with the Department Chair during screening.

4. Requirements by Faculty Class

4.1 Full-time Academic Faculty

Full-time candidates submit the complete set in §1, §2, and the rank-specific documentation in §3. Because full-time appointment carries a probationary period, HRMO additionally requires a signed acknowledgment of the probationary terms, provided by HRMO at Stage 5 of pre-boarding (see the companion process guide).

4.2 Part-time Academic Faculty

Part-time candidates submit the same documents as full-time candidates (§1, §2, §3). Two items are relaxed given the shorter, per-term nature of the appointment: the clearance from the previous employer (§1) may be substituted with a signed self-certification of no unresolved obligations if the previous employer cannot issue a clearance within the compressed part-time timeline, and the physical fitness certification's issuance window is extended from 30 to 60 days.

4.3 Academic Service Faculty (ASF)

ASF candidates submit §1 and §2. Because ASF roles are non-teaching, the rank-specific documentation in §3 does not apply; instead, ASF candidates submit documentation of the role-specific competency evaluated at their Stage 2 interview (see the companion process guide, §3.3) -- for example, a relevant certification or license for laboratory or technical-support roles.

5. Document Format Rules

- All documents in a language other than English or Filipino must be accompanied by a certified English translation.
- Photocopies are accepted only where explicitly marked 'true copy' acceptable in the tables above; otherwise HRMO requires the original for verification and returns it after copying.
- Digital submissions (scanned PDF or clear photo) are accepted for initial screening, but the original or a notarized true copy must be presented in person before contract signing.
- Any document bearing an issuance date outside its stated freshness window (e.g., a clearance older than 3 months) is treated as expired and must be reissued, not resubmitted as-is.
- Documents issued outside the Philippines must carry an apostille or, for non-Apostille Convention countries, authentication by the Philippine Embassy or Consulate.

6. Submission Channels and Deadlines

Documents are submitted to HRMO either in person at the HRMO front desk or through the HRMO document portal, within the 15-working-day window from the conditional offer date described in the companion process guide (10 working days for part-time hires). Partial submissions are accepted and logged incrementally; HRMO does not require all documents to arrive in a single batch.

7. Common Reasons a Document Is Marked Incomplete

Reason	Example	Resolution
Missing required field	Reference letter without a signature or date.	Request a corrected copy from the issuer.
Outside freshness window	Previous-employer clearance issued 5 months ago (limit: 3 months).	Request reissuance.
Wrong document type	Photocopy of a diploma submitted where the TOR is required.	Submit the correct document type.
Illegible scan	Blurred or cropped photo of a physical-fitness certificate.	Resubmit a clear scan or the original.
Name mismatch	Name on the TOR does not match the government-issued ID (e.g., maiden vs. married name, uncorrected typo).	Submit a supporting document (marriage certificate, affidavit of discrepancy) bridging the two names.

8. Cross-reference

For the end-to-end submission timeline, offices involved, and roles, see the companion document 'DLSU Faculty Pre-boarding Process Guide'.
